APPLICANT'S SUMMARY OF INTERVIEW

Sir:

The boiler plate notice included in the Examiner's Interview Summary appears to require the undersigned to also file a summary of the telephonic interview held 24 June 2004. However, the undersigned's summary agrees with the Examiner's Summary. Namely, the Examiner requested amendment of claim 1 so as to more clearly define over the two documents cited in the Examiner's Interview Summary Record. The applicant agreed to such amendment (including the Examiner's suggested correction of an obvious typographical error in the specification).

Respectfully submitted,

NIXON & VANDERHYE P.C.
